b. SATELLITE:

(1) CORONA M Mission 9061 successfully launched 27/1616 EST for planned five day orbit. Orbit reported satisfactory thru revolution #23.

25X1A

c. [] DETACHMENT:

(1) No activity. Aircraft undergoing periodic inspection.

(2) Personnel on 12 hour standby alert.

d. EDWARDS AIR FORCE BASE:

25X1C

(1) Staging operation at Ramey Air Force Base, Puerto Rico, delayed 24 hours to 30 November 1963 pending Special Group approval. Accordingly, mission capability from Ramey AFB against [] targets delayed to 2 December 1963.

(2) Detachment maintaining standby operational readiness capability on 12 hour alert basis.

3. OXCART FLIGHT SUMMARY:

a. There were seven OXCART flights on 27 November 1963. No flights were accomplished on 28 November 1963 due to the Thanksgiving holiday.

b. Aircraft 121 made flight 94; purpose, speed/envelope extension; duration, 1:02; maximum speed, MACH 3.18 []
[]
[] Maximum altitude 78,000 feet.
No significant problems.
